EVOLUTION[®]
SYSTEM

Comfort at Your Fingertips

The Evolution® Connex™ control puts you in command of your comfort when you want it, where you want it and how you want it.

Evolution® Connex™ Control

1 HIGH RESOLUTION COLOR TOUCH-SCREEN

Intuitive on-screen prompts and quick-read icons put you in total control. Adjustable brightness optimizes readability in a variety of conditions. And, you can see your dealer's contact information with just a touch.

2 LIFESTYLE PROGRAMMING

Simple, on-screen prompts help you select comfort settings and corresponding times that best match your lifestyle. Enjoy superior comfort and energy savings with full, 7-day programmability. You can even switch to a separate vacation schedule without re-programming your everyday settings.

3 TOUCH•N•GO® FLEXIBILITY

One-touch access to comfort settings allows you to adjust for greater comfort or energy savings as needed.

4 POP-UP REMINDERS

On-screen reminders tell you when it's time to change filters, humidifier pads, UV lights or schedule system checkups.

TrueSense™ dirty filter detection is not a timer – it monitors airflow to know precisely when your air filter is ready for a change when installed as part of a complete Evolution® System.

5 TAKE CONTROL FROM VIRTUALLY ANYWHERE

Enjoy full access to the Evolution® Connex™ control directly from mobile, tablet and desktop devices with a home Wi-Fi® network and the appropriate software or app.*

* When connected to the internet through a Wi-Fi network.

PERFECT HEAT® TECHNOLOGY

When installed with compatible equipment, the Evolution Connex control manages our Perfect Heat technology, which continually monitors and adjusts performance of multi-stage furnaces by looking at current and past conditions to determine the most effective stage for maximum comfort.

PERFECT HUMIDITY® TECHNOLOGY

Perfect Humidity technology ensures optimal summertime cooling dehumidification when system components include multi- and variable-speed cooling products as well as the Evolution Connex control.

SMARTEVAP™ TECHNOLOGY

With an appropriate indoor unit, SmartEvap technology adds to your comfort by managing airflow to prevent unwanted humidity from re-entering your home.

FAN ON PLUS™ TECHNOLOGY

Fan On Plus improves comfort all year long by allowing you to select different fan speeds during continuous fan operation to achieve more or less airflow as needed.

The Evolution® System Story

With a state-of-the-art communication system at its core, the Evolution® system is capable of delivering high-efficiency performance and total home comfort all year long. The Evolution system gives you superior control over temperature, humidity, indoor air quality, fan speed, and ventilation. Its smart communicating system can even detect when it needs to be serviced.

HUMIDIFIER

Adding moisture to dry, heated air can enhance your comfort, protect your woodwork and minimize static.

EVAPORATOR COIL

A properly matched evaporator coil ensures top efficiency and years of reliable service from your outdoor cooling unit.

AIR PURIFIER

Patented Captures and Kills™ technology treats 100% of the air flowing through your system to both filter and eliminate selected airborne pathogens.

CENTRAL COOLING UNIT

High-efficiency cooling power with a matched Bryant® air conditioner or heat pump delivers whole-home comfort and energy savings.

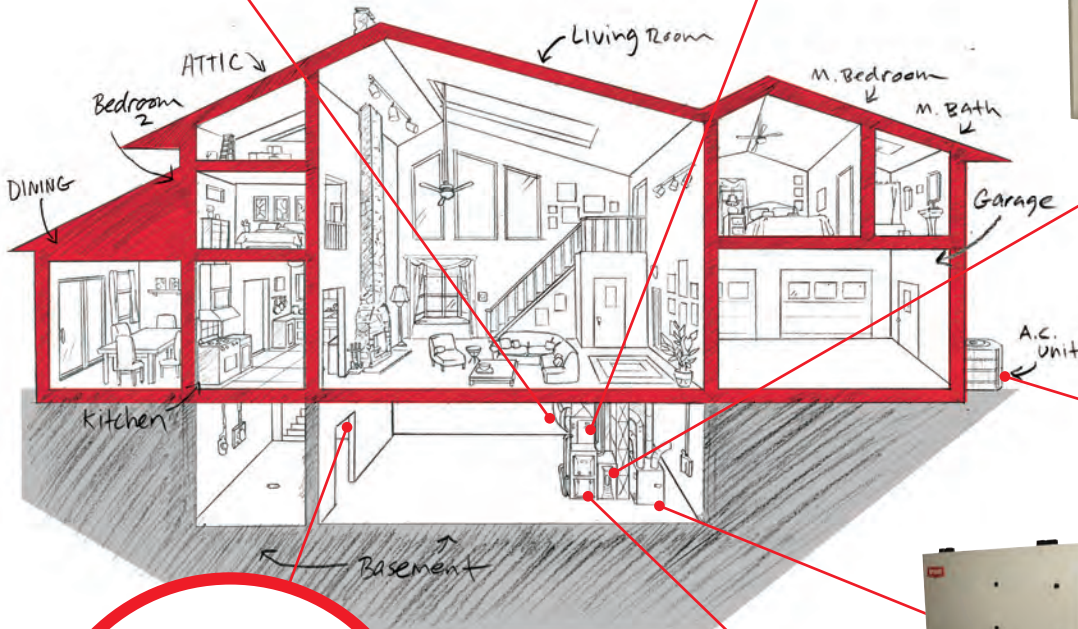

VENTILATOR

Maintain a fresh, comfortable indoor environment by transferring heating and cooling energy to incoming fresh air.

EVOLUTION® SYSTEM INDOOR UNIT

Our Evolution® System 90+% gas furnaces and Evolution variable-speed fan coils provide quiet, smooth, and continuous comfort high-efficiency energy savings that your family can really appreciate.

EVOLUTION® CONNEX™ CONTROL

Connect with your comfort using our deluxe, full-color touch-screen for programming and managing a completely customized home comfort schedule including temperature, humidity, ventilation and zoning with available wireless access.

- Full-color, touch-screen design
- Intelligent, energy-wise programming helps you save 24-7
- Perfect Heat® technology capable to minimize temperature fluctuations
- Perfect Humidity® technology capable for optimal cooling comfort
- TrueSense™ dirty air filter detection

The Evolution Connex Control is compatible with Cor™ Home Automation. Ask your Bryant dealer how you can stay connected to your home with Cor Home Automation today.

SYSTEM

Evolution® Remote Access*

Have you ever been on vacation when a sudden cold front came through at home? Do you ever wish you could change the temperature at home before you leave work so it's nice and comfortable when you arrive? Would you enjoy the convenience of managing your home comfort system from your tablet, smartphone or desktop device? With Evolution Remote Access, all of the above scenarios and more can be a reality.

Ease of Use

- The Evolution® Remote Access web site, MyEvolutionConnex.com/ allows easy navigation with its user-friendly design
- Remote Access allows you to monitor, program and adjust settings of your Connex™ control, all from your internet-connected device
- Remote Access allows you to lower your bills by adjusting comfort settings when no one is at home

Automatic Notifications

Evolution® Remote Access can email* you and your dealer when your home comfort system has a major equipment malfunction.** It can also send notifications when your comfort system is in need of routine maintenance, or when a system accessory needs a filter, humidifier pad, and/or UV light change.

* Wi-Fi enabled model only, when connected to a Wi-Fi network.

** When installed as part of a complete Evolution® System.

Evolution® System Zoned Comfort and Efficiency

Dividing your home into zones is the best way to ensure the very highest levels of comfort and energy efficiency. The Evolution® Connex™ control can be the focal point of a Bryant® Evolution® Zoning System with properly matched equipment. This special system lets you assign different temperature, humidity, dehumidification, ventilation, and indoor air quality settings in multiple zones in your home from one centrally located user interface.

Up to Eight Zones

- Zoned Comfort and Efficiency
- Customized Zone Names
- Customized Air Circulation
- Customizable, 7-Day Comfort Schedule
- Remote Room Monitoring

Top Reasons It Takes Bryant

PASSIONATE SERVICE

Bryant® dealers do more than just deliver quality products like our Evolution® Connex™ control. They also deliver knowledge, experience and Whatever It Takes® to get each job done right, the first time. You and your system will receive the attention to detail and professional service delivered only by Bryant dealers.

EXCEEDING EXPECTATIONS

With more than 100 years of experience, Bryant offers a full lineup of products designed with whole-home comfort in mind. Through innovative design and rigorous testing, our products are built to exceed expectations, backed by Bryant warranty protection.

NEW CONVENIENCES

With a diverse line of products to address almost any need, from hot or cold spots, to improving indoor air quality and programmable thermostats with Wi-Fi® capabilities, convenient comfort can be yours when you choose Bryant.

CUSTOMIZED COMFORT SOLUTIONS

Heating and cooling solutions are not one size fits all. Our dealers provide solutions based on your specific needs. From financing and rebates to reliable products professionally installed, Bryant provides options that help keep you and your wallet comfortable.

EFFICIENCY & SAVINGS

High-efficiency ENERGY STAR® qualified systems can reduce your energy consumption and carbon footprint. By reducing monthly utility bills over the life of your system, you'll see how efficient equipment pays off.

Customized Comfort on Three Different Levels

There is a Bryant comfort control for virtually any need or budget. Your Bryant dealer can help you decide which is right for you. For top-of-the-line comfort management, efficiency monitoring and remote command of your heating and cooling system, choose our Evolution Connex control.
